Practice your English while having fun!

Let's go to the Great Britain for a while and practice our English! Play the Wheel of Fortune with Queen Elizabeth and her dog Sherry, guess the meaning of English phrases and rebuild the most famous bridge in London. Sherlock Holmes also counts on you! Watch the city streets carefully, maybe you can find there a solution? Take the Red Bus and admire the city's charms. Can you see the famous Big Ben?

Who is it for?

The Red Bus applications can complement the daily English learning activities for younger school-age children. The proposed exercises can also be used for didactic and compensatory, corrective and revalidation purposes. The games included can also make the time spent by children in school day-care centers, educational institutions, institutions organizing children's free time, and additional English language classes more attractive.

What are the objectives of these activities?

The package can be a support for educational activities during which English language content is implemented. Thanks to the applications included in the Red Bus, students can name people, animals, numbers, items and activities from the closest environment, presented in audiovisual materials.

The primary purpose of the games is to provide fun, entertainment and, at the same time, to practice or learn words and phrases in English. It is an interesting form of mental and motor activation aimed at consolidating or acquiring new words and phrases in the English language.

The authors of the package tried to respond to the developmental needs of school-age children, focusing primarily on supporting motor, sensory and language skills during organized and safe games and activities.

What is inside?

The Red Bus includes twenty-one interactive applications supporting the process of learning the basics of the English. Letters, words and sentences spoken by the native speaker in English, pictures and sounds facilitate the understanding, correct pronunciation and consolidation of basic words and phrases necessary for independent use of them in various life situations. Each exercise includes a short instruction. The collection includes word-picture games, spelling games, counting, reading combined with movement exercises, set in the context of everyday life. The applications are prepared in such a way that the user can repeat letters, words and sentences in English after the native speaker. You can choose from puzzles, coloring book, quizzes, memory and movement games.

What vocabulary do we practice with Red Bus?

The subject of the application was set in the atmosphere of London. We travel by red bus, visit the palace and the palace park, meet the Queen of England and other members of the royal family, we buy in a London shop.
